the uniformsed dogs in the District and the necessary precautions which are to be observed to prevent the spread of hydrophobia was taken yesterday. At a consultation between the Commissioners, the Health Officer, and the Attorney for the District it is believed that a proclamation was agreed upon which will be issued in a few days calling on the citizens of the District to muzzle all dogs that are allowed to run at large.

The dogs must be muzzled. The Commissioner in charge of the Health Department would not say what the action of the board was at the meeting, but as he had already stated that such a proclamation was likely, and that it was being considered, together with the fact that the Attorney was asked whether or not they would be allowed to do so under the statutes governing the District, at the meeting yesterday, it is safe to say that such action was taken. yesterday, it is sufe to say that such at tion was taken.
